SAFETY DATA SHEET

Section 1 - Product Identification and Company Identification

Product Code: f46dxx

Product Name: Fresh Laundry Scent

Manufacturer: Emergency Phone Number: 1-773-710-2100
Dr. Beasley's, Inc. Other Information Calls: 1-773-404-1600
1439 W. Shakespeare Ave. #200

Chicago, IL 60614

Section 2 - Hazard Identification

GHS Ratings:

Skin corrosive 2 Reversible adverse effects in dermal tissue, Draize score: >= 2.3 < 4.0 or persistent inflammation

Eye corrosive 2A Eye irritant: Subcategory 2A, Reversible in 21 days

Skin sensitizer 1 Skin sensitizer

Reproductive toxin 2 Human or animal evidence possibly with other information

GHS Hazards	
H315	Causes skin irritation
H317	May cause an allergic skin reaction
H319	Causes serious eye irritation
H361	Suspected of damaging fertility or

the unborn child

regards to State/Federal/Local
Regulations.

Warning

Section 3 - Composition and Information on Ingredients

The identity of individual components of this mixture is proprietary information and is regarded to be a trade secret in accordance with the provision of 1910.1200 of Title 29 of the Code of Federal Regulations. Under the provisions outlined by the GHS the specific chemical composition of this mixture has been deemed Confidential Business Information (CBI). Due to the nature of CBI, the formula will only be disclosed to competent authority upon request. In the case of a medical emergency the formula will be furnished to a competent medical professional in a timely manner.

Section 4 - First Aid Measures

Inhalation

Remove to fresh air and rest in comfortable breathing position. Consult a physician if rapid recovery does not occur or symptoms develop.

Eye Contact:

Remove Contact Lenses, flush immediately with plenty of cool running water, continue to flush for 15 minutes . Consult a physician if irritation persists.

Skin Contact:

Wash thoroughly with plenty of soap and water, flush skin with cool running water. Consult a physician if irritation persists.

Ingestion:

Rinse mouth thoroughly with cool water. Do not induce vomiting, consult a physician immediately.

Notes to Physicians:

Treat symptomatically.

Section 5 - Fire Fighting Measures

Extinguishing Media:

Foam, dry chemical, or carbon dioxide.

Fire Fighting Procedures:

Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving chemicals. Containers exposed to heat from fire should be cooled with water to prevent vapor pressure build-up which could result in container rupture.

Section 6 - Accidental Release Measures

For Small Spills:

Add inert absorbent material to absorb liquid, sweep up, and dispose of in accordance with federal, state, and local regulations.

For Large Spills:

SDS for: f46dxx Page 2 of 5

Printed: 3/18/2016 at 10:53:15AM

Dike to contain and pump into drums for use or dispose of in accordance with federal, state, and local regulations. Do not dispose in sewer, soil, or aquatic environment. In case of accidental spill or release, refer to Section 8 - Exposure Controls and Personal Protection.

Section 7 - Handling and Storage

Work/ Hygenic Practices:

Wash thoroughly after handling and before eating, drinking, or smoking.

Conditions to Avoid:

Keep away heat, flame, sparks, and other ignition sources.

General Storage Measures:

Store in a cool, dry, and well ventilated area in original closed container out of sunlight and/or heat. Keep container closed when not in use.

Section 8 - Exposure Controls and Personal Protection

Chemical Name / CAS No.	OSHA Exposure Limits	ACGIH Exposure Limits	Other Exposure Limits
Galaxolide			
Diethyl Phthalate			
Methyl lonone, mixed isomers			
Fixolide			
Florazone			

Work Practices and Engineering Controls:

Keep away from ignition sources. Eyewash fountains and safety showers should be easily accessible.

Personal Protective Equipment:

Use chemical resistant/ impervious gloves when handling chemicals. Use safety glass or goggles when handling chemicals.

Section 9 - Physical and Chemical Properties

APPEARANCE	WATER WHITE TO LIGHT STRAW LIQUID	UPPER/LOWER FLAMMABILITY LIMITS:	N/A
ODOR:	CLEAN FRESH AROMA	VAPOR PRESSURE:	Not Determined

Section 10 - Stability and Reactivity

Hazardous Decomposition:

Hazardous decomposition will not occur

Section 11 - Toxicological Information

Mixture Toxicity

Toxicological data have not been determined specifically for this product.

Carcinogenicity

The following chemicals comprise 0.1% or more of this mixture and are listed and/or classified as carcinogens or potential carcinogens by NTP, IARC, OSHA, or ACGIH.

<u>CAS Number</u> <u>Description</u> % Weight <u>Carcinogen Rating</u>

None None

Section 12 - Ecological Information

Ecological studies have not been carried out on this product.

Section 13 - Disposal Considerations

Dispose of in accordance with federal, state, and local regulations.

Section 14 - Transportation

<u>Agency Proper Shipping Name</u> <u>UN Number Packing Group Hazard Class</u>

D.O.T. Not Regulated for Ground Transport

IATA Not Regulated for Air Transport

IMDG Not Regulated for Sea Transport

Section 15 - Regulatory Information

The following chemicals are listed on OEHHA California Proposition 65 List:

- None

The following chemicals are listed with GHS Hazard - Reproductive toxicity Catergory 2 (Human or animal evidence possibly with other information):

80-54-6 Lilial 1 to 5 %

Section 16 - Other information

This SDS supersedes information dated before the SDS effective date.
