

CAR WASHING CHECKLIST

The following checklist assumes you are using the “Multiple Wash Mitt Method” with a foam gun or cannon. Otherwise, use the “Two Bucket Method”. Use two 5-gal buckets, one with soapy water and the other with rinse water. Insert Grit Guards in both buckets to capture dirt particles. Use Grit Guard Washboard in rinse bucket to scrub mitt and remove dirt.

SUPPLIES (FOR MULTIPLE WASH MITTS)

<input type="checkbox"/> PH BALANCED SOAP - PREMIUM BODY WASH	<input type="checkbox"/> FOAM GUN OR CANNON
<input type="checkbox"/> MULTIPLE WASH MITTS	<input type="checkbox"/> PRESSURE WASHER OR HOSE
